

Introduction:

- Roads are a wonderful tool. They help us get from point 'A' to point 'B'. Sometimes they are long and boring, and other times they are winding and fast. Many people have fond memories of being on the road, taking a college road trip or a family vacation. Many have difficult memories from being on the road traveling away from family for work or back home to care for a sick loved one. Today's study looks at a very special road where Christ spent time with two of His followers and revealed Himself to them in a special way. How is Christ revealing Himself to you on the road you are on?
